16. **CONDITIONS TO WHICH BURSARIES ARE AWARDED :**

- (i) that a bursar studying at a University undertakes to register as a Land Surveyor within four (4) years of obtaining his/her B.Sc. Degree in Surveying;
- in the case of a bursar studying for a National Diploma he/she must undertake to register as a Survey Technician / GIS Technician / Mine Survey Technician within two (2) years of obtaining his/her diploma;
- provided that the bursar may apply to the Council to extend the above periods.
- (ii) that should the bursar fail so to register within such period or extended periods as the case may be, or if he has advised the Council, in writing, that he does not intend to proceed to such registration, the bursary shall convert to a loan, and such loan and any other loan granted to him by the Council, shall be repayable within four years of such date, extended date or advice date, as the case may be, together with interest calculated at ten percent per annum from the relevant date;
- (iii) that should the bursar fail any year of study in which the bursary is awarded, the amount of the bursary paid to him in that year will be converted to a loan, repayable within four years of completion of the course or within four years of the date on which he abandons the said course, whatever the case may be; and that he may apply to the Council for a loan to enable him to repeat that year of study; provided that such a loan may be granted at the discretion of the Council.
- (iv) that should the bursar fail a second time no further assistance will be given to him; and that should he pass, he may again apply to the council for a bursary for the following year;

- (v) that although the bursary is allocated for the normal period of study required to complete the degree/diploma course, it will only be paid out without further need re-apply for it, provided a satisfactory pass mark is obtained and upon receipt by the Council of a satisfactory progress report by the departmental Head of the University/Technikon.
- (vi) that no interest will be levied on any loans granted if they are repaid within the prescribed periods; provided that failing such repayment, interest calculated at ten percent per annum will be charged in respect of the unwrapped balance of the said loans for the period of repayment extending beyond such prescribed period;
- (vii) that the bursary will be paid out in two instalments, the first in April upon receipt of the University's official statement of account, the second in August upon receipt of a satisfactory Departmental Head's progress report;

Technikon bursaries will be paid at the commencement of the relevant semester.

- (viii) that the Council reserves to itself the right to alter the conditions, value and/or period of the bursary at any time and that it shall be the sole judge of the bursar's progress at the University/Technikon.
